BYE ROUNDS: There are only 7 teams for Divisions "A" and "C". Therefore, each team in those divisions will have two **BYE** rounds during the season. A change is being made from prior season. For the 2024 season the BYE rounds **WILL NOT be played** for stats and there will be **NO FEES** for the BYES. This is necessary because there are not enough playing locations for Wednesday teams to play their BYES for stats. Team placement will based on percentage of wins. All teams will play equal amount of home games and away games where possible. **IF TEAMS ARE ADDED, SCHEDULE WILL HAVE TO BE REDONE.**

When Wednesday Divisions B & C are doubled up at the same location, **C Division** will be assigned the pits to the **West**. If Tuesday A or Thursday D Divisions are doubled up at the same location, pits to the West are assigned to Division A for odd numbered rounds & Division D for even numbered rounds.
